

Scary Bunny

Overview

Points: 10

Category: Steganography

Description

What could be inside this creepy rabbit?

Approach

Download the image and use steghide to extract it.

```
krvs@Krvsn-VirtualBox:~/ctf/dead$ steghide extract -sf bun.jpg
Enter passphrase:
wrote extracted data to "steganopayload730241.txt".
krvs@Krvsn-VirtualBox:~/ctf/dead$ cat steganopayload730241.txt
flag{Carr0t}
krvs@Krvsn-VirtualBox:~/ctf/dead$
```

Without any passphrase we are able to get the flag
